

An EVA Youth look ahead...

We here at EVA Youth realize that there are many things that compete for your time in our busy world. There, however, is only ONE thing that will last beyond our time here....our relationship (or lack of relationship) with God. EVA Youth currently offers weekly fun, substance-based, experiences for area youth that help them to foster that relationship with God. Also, we are actively working to provide a more youth-friendly, engaging, encompassing experience of the faith. From mission trips to ski trips, we hope that you will come and experience the joy of God's love for you and open yourself to the amazing things that God has planned for YOU!

What’s Up? Take one minute to pray this with us:

“Heavenly Father, help us to connect with You each day. Help us to make knowing and loving You the priority in our lives. Give us the knowledge to know what it is You want us to do with our lives, and the courage to do it. Amen.”
